Sponsored by

In collaboration with
Duke University School of Medicine
Mayo Clinic
University of Colorado School of Medicine
The 26th Annual Cardiovascular Conference in Beaver Creek, Colorado has been designed to provide a comprehensive review of the latest advances, current trends and new innovative therapies for cardiovascular disease, delivered by national leaders in cardiovascular medicine. Interact with faculty during case-based sessions that address challenges in the diagnosis and management of common cardiovascular conditions such as coronary artery disease, congestive heart failure and valve disease. The course will also feature case-based fellows programs and a focus session on Innovations and Healthcare Reform.

TARGET AUDIENCE
This conference is designed for cardiologists, cardiothoracic surgeons, vascular medicine specialists, and other cardiology health care providers.

CME ACCREDITATION AND CREDIT DESIGNATION
This activity has been planned and implemented in accordance with the accreditation requirements and policies of the Accreditation Council for Continuing Medical Education (ACCME) through the joint providership of William Beaumont Hospital, Colorado Chapter of the American College of Cardiology, Duke University, Mayo Clinic and the University of Colorado. William Beaumont Hospital is accredited by the Accreditation Council for Continuing Medical Education (ACCME) to provide continuing medical education for physicians. William Beaumont Hospital designates this live activity for a maximum of 20.00 AMA PRA Category 1 Credit(s)™. Physicians should claim only the credit commensurate with the extent of their participation in the activity.

Non-physician professionals should check with their individual credentialing bodies to confirm that participation in this CME activity will be approved for credit. CME credits can be used to meet the continuing education requirements needed for Michigan physician assistant and nursing relicensure without limitation.

ACKNOWLEDGEMENT
This conference will be partially supported by educational grants and display fees from commercial supporters.
