On Sept. 1, 2014, Beaumont Health System joined with Botsford Health Care and Oakwood Healthcare to form Beaumont Health, a new not-for-profit health care system. The new organization consists of eight hospitals with 3,337 beds, 153 outpatient sites, 5,000 physicians, more than 33,000 employees and about 3,500 volunteers. In 2013, the combined organizations had 168,047 inpatient admissions, 15,997 births and 492,677 emergency visits. For more information, visit beaumonthealth.org.

Beaumont opened on Jan. 24, 1955, as a 238-bed community hospital in Royal Oak, Michigan. Today, that hospital is a 1,070-bed major academic and referral center with Level I trauma status. It was Michigan’s first Magnet-designated hospital for nursing excellence and it is a member of the Children’s Hospital Association.

A second Beaumont hospital opened in Troy in 1977 as a 200-bed acute care community teaching hospital. It is now among the nation’s busiest community hospitals with 458 beds. In 2009, Troy received Magnet status.

In October 2007, Beaumont became a regional health provider when it acquired a third community hospital with 250 beds in Grosse Pointe.

Ninety-one medical and surgical specialties are represented on the Beaumont medical staffs of more than 3,100 physicians. The Joint Commission has accredited Beaumont.

A major teaching facility, Beaumont has 40 accredited residency and fellowship programs with more than 450 residents and fellows. Beaumont is also the exclusive clinical partner for the Oakland University William Beaumont School of Medicine, with nearly 1,500 Beaumont doctors on faculty. For undergraduate training, Beaumont also has a nursing affiliation with area schools, including a top-ranked certified registered nurse anesthesia school.

### Facilities

- Numerous community-based medical centers in Macomb, Oakland and Wayne counties, housing two Family Medicine Centers, physician offices, ambulatory surgical centers, diagnostic radiology, laboratory, rehabilitation, interventional pain centers, anticoagulation medicine service, hyperbaric medicine and Weight Control Centers.
- Extended care centers in Bloomfield Hills, Shelby Township, St. Clair Shores, Southfield and West Bloomfield and an assisted-living facility in St. Clair Shores; in-home care services include nursing, infusion, medical equipment and hospice.
